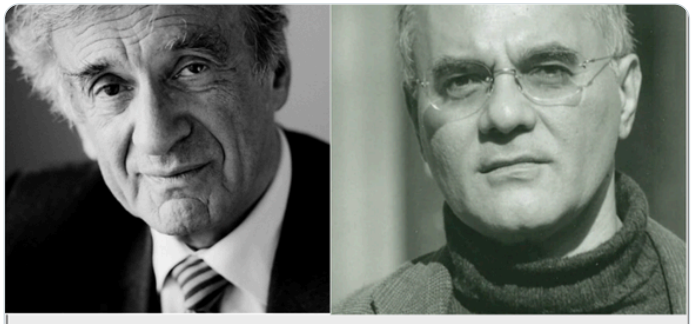
My father and Zohran's father, on the record. Vote! Your choice in this election matters, so don't throw it away with a protest vote. Early voting now open.



"Those who today preach and practice the cult of death, those who use suicide terrorism… must be tried and condemned" - Elie Wiesel

"Suicide bombing needs to be understood as a feature of modern political violence rather than stigmatized as a mark of barbarism." - Mahmood Mamdani

This mayoral election isn't a battle between generations. It's a battle of ideas, ideas that we learn from our parents and pass on to our children. Your choice matters.
